Enrollment in HEB 99a for the Senior Honors Thesis

Human Evolutionary Biology

2016-2017

Name:	Date:

Please submit this form to Carole Hooven or Brenda Frazier before Study Card Day, *Thursday, September 8.*

Prospective thesis title:

Primary research question or hypothesis:

Academic Integrity: The standards of the Harvard College Honor Code apply to all work associated with the Senior Honors Thesis.

The Harvard College Honor Code

Members of the Harvard College community commit themselves to producing academic work of integrity – that is, work that adheres to the scholarly and intellectual standards of accurate attribution of sources, appropriate collection and use of data, and transparent acknowledgement of the contribution of others to their ideas, discoveries, interpretations, and conclusions. Cheating on exams or problem sets, plagiarizing or misrepresenting the ideas or language of someone else as one's own, falsifying data, or any other instance of academic dishonesty violates the standards of our community, as well as the standards of the wider world of learning and affairs.

"I affirm my awareness of the standards of the Harvard College Honor Code."
